Occupational prestige (also known as job prestige) is a way for sociologists to describe the relative social class positions people have. It refers to the consensual nature of rating a job based on the belief of its worthiness. The term prestige itself refers to the admiration and respect that a particular occupation holds in a society. Occupational prestige is prestige independent of the ...

What is Occupational Therapy? Occupational therapy services include comprehensive evaluations of the client's home and other environments (e.g., workplace, school), recommendations for adaptive equipment and training in its use, and guidance and education for family members and caregivers. Occupational therapy practitioners have a holistic perspective, in which the focus is on adapting the ...
