Our original intent with this post was to help manufacturers to create a "back-up" system for their operating procedures. As we delved into the topic, we realized we could accomplish that and much much more by writing about ways to improve your quick changeover.

### **Quick Changeover: How it Can Reduce Manufacturing Costs**

While the APA provides clear-cut instructions for citing standard publication types, some business resources have unique elements that make it necessary for us to make an interpretation of the APA rules. Some of the examples provided on this guide are adaptations made by the Bentley Library's reference librarians for the Bentley University community.

A vacuum cleaner, also known as a sweeper or Hoover, is a device that uses an air pump (a centrifugal fan in all but some of the very oldest models), to create a partial vacuum to suck up dust and dirt from floors and from other surfaces such as upholstery and draperies.. The dirt is collected by either a dustbag or a cyclone for later disposal. Vacuum cleaners, which are used in homes as well ...
