

financial accounting theory scott pdf

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Accounting - Wikipedia

Inflation accounting comprises a range of accounting models designed to correct problems arising from historical cost accounting in the presence of high inflation and hyperinflation. For example, in countries experiencing hyperinflation the International Accounting Standards Board requires corporations to implement financial capital maintenance in units of constant purchasing power in terms of ...

Public administration and management (PAM) scholars have long recognized that financial resources are the lifeblood of public organizations. Less appreciated is how the study of public financial ...

(PDF) Why Public Financial Management Matters

SUMMARY: Prior research has shown that when auditors are aware of overall risk information from procedures performed earlier in the audit, halo effects in subsequent judgments result (e.g., Oâ€™Donnell and Schultz 2005). The purpose of this study is to examine whether such effects occur in the context of evaluating the effectiveness of a clientâ€™s internal control over financial reporting.

Audit Partner Evaluation of Compensating Controls: A Focus

Tacit coordination is a pervasive aspect of accounting practice. This paper teases out insights on tacit coordination from existing scholarship, starting with studies of everyday life accounting, then turning to professional practice.

Accounting for tacit coordination: The passing of accounts

1.. Introduction Prior studies suggest that higher-quality financial reporting should increase investment efficiency (e.g., Bushman and Smith, 2001; Healy and Palepu, 2001; Lambert et al., 2007). Consistent with this argument, Biddle and Hilary (2006) found that firms with higher-quality financial reporting exhibit higher investment efficiency proxied by lower investment-cash flow sensitivity.

How does financial reporting quality relate to investment
