Quilting is the process of sewing two or more layers of fabric together to make a thicker padded material, usually to create a quilt or quilted garment. Typically, quilting is done with three layers: the top fabric or quilt top, batting or insulating material and backing material, but many different styles are adopted. The process of quilting uses a needle and thread to join two or more layers ...

Always, always, always use the free Adobe reader program to print the quilting templates and paper piecing patterns. (Click here to get your free download of it if you don't have the latest version already.) While I create the PDF files in a program called 'Nitro Pro' and I have PDF opening/printing capabilities in my wordprocessing software, ONLY ADOBE consistently prints the pages correctly.
