Statistics is a diverse profession, with statisticians working in areas such as health care, manufacturing, defense, and national security, to name just a few. Each area may make use of different methodologies and applications. To aid our members working in these subdisciplines, the ASA created sections and interest groups, which are subject-area and/or industry-related and provide benefits ...

IOP Conference Series uses author-supplied PDFs for all online and print publication. Authors must prepare their papers using Microsoft Word or LaTeX, according to the guidelines and templates, and then convert these files to PDF.. It is important to ensure that when you submit your paper, it is in its final form ready for publication, and has been thoroughly proofread.
