In photography, aperture diameter, determined by f-stop, controls two important factors: Depth of Field (DOF) determines the closest and farthest objects in an image, both of which are in focus. The entire image between these objects also maintains sharp focus.

Aperture & Depth of Field Photography Guide [2019] â€“ Dave

With Acrobat X or XI you would select Tools>Forms>Edit, then double-click on the text box you want to change. Go to the Appearance tab and click on the Fill Color icon and pick the color. On a Mac you would have to deselect "Transparent" for the color to stick.

Change Background color for a text box (Edit PDF)

xii COLOR: A Photographerâ€™s Guide to Directing the Eye, Creating Visual Depth, and Conveying Emotion the universal and cultural interpretive nature of color, and positioning yourself as a photographer to capture great color. The book points out why looking at color abstractly helps in creating great composition and visual depth, as well
