[PDF] the empire state building - Read Book Free

The retrofit of the Empire State Building was motivated by the building ownership's desire to: 1) Prove or disprove the economic viability of whole-building energy efficiency retrofits. 2) Create a replicable model for whole-building retrofits. 3) Reduce greenhouse gas emissions cost-effectively.

Rocky Mountain Institute - Empire State Building

The Empire State Building was constructed using the Art Deco style, which was trendy during the era and had been used for other skyscrapers like the Chrysler Building, but that's where the comparisons end, because the Empire State Building was unprecedented in almost every aspect at the time of its creation.

The Empire State Building, constructed in 1931, is a 102-story skyscraper, the ninth highest building in the world, and the fourth tallest structure in the United States. It is located in Midtown, Manhattan.

The Empire State Building (B1) - lingua.com

In a project such as the Empire State Building, where 57 thousand tons of structural steel and over 62,000 cubic yard of concrete were erected involving almost 3500 workers on peak days (Willis, 1998), the approach to design and project management played a crucial role for the successful completion of the project.

Analyzing the Empire State Building Project from the

Empire State, designed by the architectural firm of Shreve, Lamb, and Harmon, and built by the Starrett Brothers and Eken contractors, is a 102-story, 1250-foot high structure which, on its completion in 1930, contained two million square feet of office space, 60,000 tons of steel, 6500 windows, and more than 3,500 miles of telephone wire.

ARCHITECTURE AND YOU: EMPIRE STATE BUILDING By Dale Laurin, RA

pire State Building was the world's tallest building for over 40 years, until the construction of the World Trade Center towers. Around 1950, a 200-foot tall broadcast antenna tower was added to the top of the building. A New York City and National Historic Landmark, the Empire State Building has also been cited

Empire State Building - structuremag.org

It was constructed during a race to create the world's tallest building. Both towers tried to best each other by adding more floors to their design, and the race really heated up in August 1929, when General Motors executive John J. Raskob and former New York Governor Al Smith announced plans for the Empire State Building.
